

Applying for a grant for studies completed at VAMK

Who is eligible for a grant?

The prerequisite for a grant is that the student

- had paid for the tuition fee (required to be paid by non- EU students starting from 1 August 2017)
- has enrolled as a attending student at VAMK
- complies with the normative duration of study
- has completed a sufficient number of credits that are entered in the study register. The studies must be programme specific, in accordance with curriculum and completed during the normative duration of study.
- has never been disciplined at VAMK according to the VAMK Degree Regulations

How to apply and the amount of grant

The grant is applied using a grant application form. The full grant for both bachelor and master programmes is as follows:

Bachelor degrees: The grant (3500 EUR) is tied with the studies completed so that the student is to complete at least 55 credits during the academic year.

Master degrees: The grant (4000 EUR) is only paid in connection of graduation.

Bachelor degrees

First year students

- The grant is applied for during 1 – 15 September, provided that the student has completed at least 55 credits.
- The grant is applied for during 1 – 15 February (**students who have commenced in January intake**), provided that the student has completed at least 55 credits. Application period in January does not concern Open UAS or transfer students.
- The student can apply for the grant only for the entire academic year in one instalment during1
– 15 September, provided that the student has completed at least 55 credit worth of studies.

Second and third year students

- The grant is applied for during 1 – 15 September, provided that after the second study year the student has completed at least 110 credits and after the third study year at least 165 credits.

Fourth year students

- The grant may be given if the degree had been completed within the normative duration of study.
- The grant is applied for in connection of the graduation.
